5. Discussion and Possible Action on District Technology Plan

The Curriculum Committee recently met to discuss the Amity Technology Plan 2012-2015. The plan addresses the shift to more one to one computing. Copies of the full plan were made available to the Board and a document highlighting key elements of the plan were distributed.

Ms. Wycinowski said drafting the plan took a great deal of time. Everything that the District does with technology was updated and revised. She noted that the District is looking for electronic mobile devices that can support the plan. This will give students the tools for learning right in their hands. The plan supports one pilot program at a time. The focus will be on student achievement and every student will have access to technology. Some pilot programs are expanding next year. Before proceeding, data on student achievement will be collected.

Dr. Brady said that connectivity has been a problem with the iPad pilot. Mr. Palmieri has plans to fix issues with connectivity. Mr. Palmieri noted that one of his plans is to replace obsolete computers.

Ms. Wycinowski said that without the proper infrastructure, the vision for technology can't be supported. The Technology Committee has been restructured. It is made up of many subcommittees. Each subcommittee will be headed by a leader of innovation. A group of teachers will be devoted just to technology. The new structure will move the District forward.

Discussion:

Mr. Hurley, a member of the Curriculum Committee, said that he was able to learn about the plan in detail. Technology is changing education.

Mr. Stirling questioned the equity of having students bring their own device.

Ms. Wycinowski said that students have been asked in order to see how many have the portable devices.

Ms. Altman questioned what problems have been seen with the longer pilots.

Ms. Wycinowski said that monitoring and sharing across the District have been identified as problems. Discussions are needed about what apps are being used and what lessons are exemplary. The District will not move forward until there is certainty that what is being done is effective.

Mr. Horwitz said that while technology is wonderful, he does not want to see students losing more traditional communication skills, particularly oral communication.

Ms. Wycinowski said that debate is part of the common core. Amity has always maintained balance.

Mr. Hurley said that very exciting things are coming and technology can help. The teachers will facilitate learning.

Ms. Cardozo questioned how the Technology Plan will be funded.

Ms. Wycinowski said that Amity will pursue grants if possible.

Move to adopt Amity's 2012-2015 Technology Plan and forward it to the LEARN regional education service center (Mr. Hurley, 2d Ms. Crocco).

Vote in favor unanimous.

Motion passed.

6. Discussion of 2011-2012 Enrollment Projections

Dr. Brady noted that the updated report includes 70 more students. The report doesn't, however, include new students coming to Amity from Ezra. The enrollment report provides data needed to plan the shape of Amity going forward. There is plenty of time to plan for the changes. This is an accurate starting point. The report is within a one percent margin of error. Dr. Brady added that the study came with Amity's membership to NESDEC.

Mr. Blake said that the Board will continue to look at enrollment in the future.

7. Principal's Reports

High School – Dr. Britton said that canines were brought back into the building and there were a few false positives. The good news is that no students were found to be in possession of drugs. He noted that the search of the school was exhaustive. Students were attending an assembly when the dogs went through.

Dr. Britton said that academics, athletics and the arts are all going well at the High School. At this point, 505 students are taking 616 AP exams. The school asked students taking AP classes to take AP exams.

Dr. Brady said that it is a good experience for students to take these exams. He asked if there are any predictions about the outcomes of the exams. Dr. Britton said that there could be a slight decline, but he is optimistic.

Mr. DeMaio asked if the 8-period schedule is helping with enrollment in AP courses. Dr. Britton said that it is.

Dr. Britton noted other student accomplishments. Technical education is going well. One student is being recognized for her poetry, while two other students are having their work published in a peer review journal. Legally Blonde is sold out every night. The students are talented and put many hours into practice. He also noted that many seniors are going off on internships.

Amity Middle School Bethany – Dr. Dellinger noted that May has been a very busy month. Many of the activities are listed in the school newsletter. He is very proud of the students' accomplishments with reading. The spring concert is coming up. At the end of the month, a Holocaust survivor will be visiting to talk to students. Dr. Dellinger completed his report with a slide show for Board members to learn more about a recent trip to China.

Amity Middle School Orange – Vi Gibbons, assistant principal, reported on a variety of activities. The school recently took part in a fundraiser for children with cancer. The spring concert was a huge success, with 250 students participating. Orange Youth Services has extra grant money that has been offered to the school to help train students to serve as allies in classrooms. School counselors went to the elementary schools in Orange to help sixth graders transition to middle school. On June 4th, there will be a tour of the school for these students. An interactive Latin music presentation is planned at the school this week, where kids will learn about music folklore. A Holocaust survivor recently visited. Students appreciated the presentation. A Spanish Honor Society event will take place on May 31st.

8. Student Report

Thomas Falcigno said that Relay for Life was held on April 27th and the event raised \$80,000. Dozens of teams participated. The Senior Prom will take place on May 25th. The Junior Prom was held and it was a great night. Thomas congratulated the Amity Computer Science Team for winning a competition and a case study. The Board recognized Thomas for being elected president of the Amity chapter of JSA – Junior Statesmen of America.

9. Public Comment

No members of the public addressed the Board.

10. Announcements from the Board and Administration

Mr. Blake noted that the budget and referendum passed and he thanked the public for coming out to vote and for the support. Amity High School was ranked #7 in Connecticut for CAPT and the Amity District was ranked #5 in the state for CAPT.

11. Correspondence

Dr. Brady noted that the proposed reserved policy addressed in a letter will be addressed during the financial discussions later in the meeting.

12. Superintendent's Report

- a. Personnel Report – Dr. Brady noted that Sheila Wycinowski will be retiring after serving Amity for 40 years. She has been a tremendous inspiration to many of our teachers. Mr. Hurley said that Ms. Wycinowski is priceless to the District and will be missed.
- b. New State Legislation – Dr. Brady said that a new teacher evaluation model will be based on student outcomes. The District will follow the state template. The state is piloting a plan with 10 districts and the rest of the districts will be working on their own plans. The second part of the change involves evaluating teachers every year once they achieve tenure. There is student input in the evaluation. There is a great deal to analyze. More about the legislation will be discussed at a later time.

13. Chairman's Report

- a. Committee Reports
 1. ACES
 2. CABE
 3. Curriculum – Mr. Stirling reported that there is a legislative follow up on May 15th. Anyone interested in going should let him know.
 4. Facilities
 5. Finance
 - a. Discussion and Possible Action on Proposed Fund Balance Policy
Dr. Brady said that he had the auditors look at Mr. Marino's letter. The auditors will come up with a new draft that the Finance Committee can consider at its June meeting.
 - b. Update of Referendum Results
 1. Bond Referendum
 2. Budget Referendum
Dr. Brady noted that the bond referendum and budget referendum were addressed under Item #10.
 - c. Discussion and Possible Action on Proposed Extension of Transportation Contracts
Mr. Levine's April 24, 2012 memo explains the proposed extension. The Transportation Contractors would like to extend their contract to June 30, 2017. In return they have offered to lower the increase for 2012-2013 from three percent to two percent (savings of \$11,280). The prices would increase two percent in 2013-2014 and in 2014-2015. The price per vehicle, late runs and special runs would be negotiated for 2015-2016 and 2016-2017. The contract doesn't have to be extended, but this is an opportunity to lock in. Mr. Levine noted that the contractors have provided good service and the operators are

very low compared with what other districts pay. The bid policy would need to be waived, as has been done in the past.

Move to extend the contract with the Transportation Contractors to June 30, 2017 with an increase of 2 percent in 2012-2013, 2 percent in 2013-2014, 2 percent in 2014-2015, and the price per vehicle, late runs and special runs to be negotiated in 2015-2016 and 2016-2017. Furthermore, that the language regarding vehicle replacement be changed to "...any bus replaced after July 1, 2015, must be at least a 2005 model year or newer". Furthermore, the Board Policy for bidding contracts of \$10,000 or more is waived in this case (Mr. Stirling, 2d Mr. Browe).

Discussion:

Ms. Altman said that she has heard dissatisfaction that this hasn't been put out to bid and questioned when it was last put out to bid.

Dr. Brady said that it has never been put out to bid.

Mr. Levine said that there would likely be many bids from large companies. When you look at the prices, Amity is on the low side consistently. The owner operators know the people.

Dr. Brady said that nobody wants to destroy the owner-operator model. He feels we should continue. The system is not flawless, but there are a miniscule number of complaints.

Mr. Stirling said that there was no mention of changing at the Finance Committee meeting.

Mr. Browe said that with a large company, we don't know who we are getting.

Vote in favor unanimous.

Motion passed.

d. Discussion and Possible Action of Food Service Operations

1. Contact Extension for 2012-2013

Mr. Levine said that he is very satisfied with Chartwells. On March 9, 2009, the Amity Board of Education awarded the food service operations contract to Compass Group USA, Inc. (Chartwells) for one year with four one-year options. We are now completing year two. Mr. Levine recommends the Board exercise its option for the third year in 2012-2013.

Increase of Lunch Prices by \$0.10 per Meal in All Three Schools

The federal government has mandated increased portions of fruits and vegetables. A 10 cents increase per meal price increase is necessary to cover the cost. The increase was originally 17 cents. Mr. Levine negotiated the price down. The price may go up next year. A la carte prices will increase for selected items for an overall increase of about two percent. Without the price increases, the food service program would have a deficit of about \$3,000. Prices were last raised in 2009. The proposal includes a guaranteed return to the District of \$9,744.

*Motion to award a one-year contract extension for food services operations for 2012-2013 to Compass Group USA, Inc. (Chartwells) per the proposed Amendment and the Superintendent of Schools is authorized to sign the Amendment. The Board reserves the right to terminate the contract for just cause (Ms. Gedansky, 2d Mr. Hurley).
Vote in favor unanimous. **Motion passed.***

Motion to authorize the food service provider to raise lunch prices by \$0.10 per Type A meal in all three schools for 2012-2013 and the Superintendent of Schools is authorized to approve increases in a la carte items for an estimated overall increase of two percent (Mr. Horwitz, 2d Ms. Cardozo).

Discussion: Mr. Levine said that the federal government mandated that additional fruits and vegetables be added. Mr. Hurley said that this is another example of the federal government making decisions for local government.

Vote in favor unanimous.

Motion passed.

e. Discussion and Possible Action on Contracts of \$35,000 or More

In a memo from Mr. Levine to Dr. Brady dated May 7, 2012, he recommended awarding a number of contracts over \$35,000 in accordance with the Board's Policy on purchasing procedures. The Board discussed combining the 10 items together for one vote. Mr. Hurley said that he would have to recuse himself from voting on Items 3 and 7 on the memo.

Site-Based Grounds Maintenance Program

Two years ago, Amity bid the site-based grounds maintenance program. The Amity Board of Education awarded the contract for July 1, 2010 to June 30, 2011 with the option, at the Board's discretion, to extend the contract up to two additional years at the same price of \$210,000. The 2012-2013 budget is \$210,000. Facilities Director Jim Saisa recommends extending the contract due to the excellent performance of the vendor.

Move to award the site-based grounds maintenance program for July 1, 2012 to June 30, 2013 to Sports Turf of Connecticut of Orange at

the bid price of \$210,000 for the third year of the three-year contract. The Board reserves the right to cancel the contract if Sports Turf of Connecticut of Orange fails to perform in a satisfactory manner (Ms. Crocco, 2d Mr. Grasso).

Vote in favor unanimous.

The Board reserves the right to cancel the contract if Fiduciary Investment Advisors fails to perform to the Board's satisfaction (Mr. Hurley, 2d Ms. Altman).

Vote in favor: Julie Altman, Christopher Browe, Patricia Cardozo, Diane Crocco, Steven DeMaio, Rita Gedansky, John A. Grasso, Jr., James Horwitz, James Stirling

Abstain: Thomas Hurley

Motion passed.

Snow Removal

Two years ago, the Board awarded a three-year contract to P&S Paving, Inc. of Seymour. Mr. Saisa has recommended we continue the three-year contract due to the excellent performance of the vendor. The 2012-2013 budget is \$47,000.

Move to award the snow remove, ice control and sanding services to P&S Paving, Inc. of Seymour for July 1, 2012 to June 30, 2013 for the third year of a three-year contract at the bid prices based on the amount of snow. The Board reserves the right to cancel the contract if

P&S Paving, Inc. of Seymour fails to perform in a satisfactory manner (Ms. Crocco, 2d Mr. Grasso).

Vote in favor unanimous.

Motion passed.

Trash and Recycling Removal Service

The District bid trash and recycling removal service. There were three bidders. Mr. Saisa recommends the bid be awarded to All American Waste of New Haven for the bid price of \$36,993 for 2012-2013 with extra charges for additional pick-ups. Extra pick-ups are \$60 for an 8-yard trash dumpster; \$42 for a 6-yard trash dumpster; and \$32 for an 8-yard dumpster for recycling. Mr. Saisa estimates that about \$200 a year is spent for extra pick-ups. The 2012-2013 budget is \$42,000. The vendor will hold the pricing constant for all three years of a three-year contract. All American was the low bidder.

Move to award the trash and recycling removal service to All American Waste for July 1, 2012 to June 30, 2013 for the first year of a three-year contract at the bid price of \$36,993, not including extra charges for additional pick-ups. The Board reserves the right to cancel the contract if All American Waste of New Haven fails to perform in a satisfactory manner (Ms. Crocco, 2d Mr. Grasso).

Vote in favor unanimous.

Motion passed.

Substitute Teacher Services

Two years ago, the Board awarded the substitute teacher services to Kelly Educational Services for a three-year contract, subject to extension of two optional years at the Board's sole discretion. The bid price for 2012-2013 is the same as this fiscal year, which is \$90.02 per diem for less than 10 consecutive days and \$96.95 per diem after working 10 consecutive days. The 2012-2013 budget is \$58,000.

Vote in favor unanimous.

Motion passed.

Conversion of the Amity High School Boilers from Oil to Natural Gas

The District bid the project of converting the Amity High School oil burning boilers to natural gas. There were six bidders. The bids ranged from \$77,543 to \$150,832. Mr. Saisa recommends the bid be awarded to Air Temp Mechanical Services Inc. of Southington for the price of \$68,143 for the three 150HP boilers and \$9,400 for the domestic water heater boiler. Vote in favor unanimous.

Motion passed.

- f. Discussion and Possible Uses of 2011-2012 Year End Balance
In a memo from Mr. Levine to Dr. Brady dated May 4, 2012, potential uses for the 2011-2012 Year End Balance were addressed. Dr. Brady said that right now these are some ideas. The administration is trying to forecast at this point.
- g. Discussion of Forecasts
Dr. Brady said that he would like the Board to give consideration to the long-range forecasts that Mr. Levine provides. An analysis was performed to compare forecasts with actual figures. The forecasts

aren't accurate. The administration is seeking guidance and direction. The forecasts aren't particularly useful and have made some people anxious about the growth of Amity.

Discussion:

Mr. Hurley said that he finds the forecasts to be very helpful. A three-year plan should be looked at, rather than a one-year plan. There are problems with being overly conservative. Maybe the forecasts could be fine-tuned.
