Intersect by Hobsons brings together higher education admissions staff with high school counselors.

Within the Hobsons Counselor Community you can update your college profile for Naviance, develop a dynamic network of connections, search and explore high school profiles, and collaborate with the broader counseling community. You can request an account by searching for your institution's name or postal code below.

*Please note there can be multiple free accounts per higher education institution but only one of these accounts can be the primary user. The primary user account should be the main point of contact for your admissions office.
